In consideration of the above agreement and deposit, Teachable Moments agrees to enroll the child mentioned above for the days and time period mentioned above.

It is important to remember that enrolling at Teachable Moments is more than a financial commitment.

The most important commitment is a personal one: to work together creating the best early learning experience for our children. There are many ways to do that: building relationships with teachers, with the director, at PTO meetings, visiting as a Mystery Guest. Please pass along program ideas, suggestions, comments, and compliments. Make your year's commitment a satisfying one.
